Yubu: The Shoeventure

"Yubu: The Shoeventure" is a 3D platformer game. It is basically a game based on throwing shoes. But it's not just a simple shoe throwing game. There are workbenches where you can spend the coins you collect in the game. At these workbenches you can give your shoe extra features.

These are:

- Passive effects (walking speed, jump height)
- The throwing style
- Effect when it hits (trapped in ice, forming a black hole...)
- Active abilities (hover, slide, ground pound, water blaster)
